January 2024 was an especially busy month for Metro Orlando tourism. January included or 'book-ended' several sporting events of significant regional impact. These included the college bowl games, the 2024 U.S. Olympic Marathon Trials and, the NFL Pro Bowl. According to Visit Orlando, the Orange County Convention Center hosted several large events such as VMX, PGA Show and All Out Nationals, each attracting between 27,000 to 33,000 attendees.

On the TDT reserve side, Renewal & Replacement Reserves ("R&RR) decreased by $740,304 in January as shown in the attached "TDT Cash Reserve Summary". The Other Authorized Uses Reserves, which is a component of the R&RR, is currently at $62.7 million. This reserve will help offset some of the future expenses associated with the recently approved projects and programs such as the Convention Center 5A expansion project, Camping World Stadium renovations, additional Arts and Application Review Committee (ARC) funding, and the UCF football stadium tower project.

We will release the February TDT collections report in early April.

1. Debt service reserves are restricted for debt service only and equal the maximum annual debt service payment.

2. Property plant and equipment is the amount that the County has committed to maintaining as a reserve for property replacement. This amount is equal to 4% of the Convention Center's gross physical plant and equipment cost-excluding construction in progress. This Renewal and Replacement Reserve component is currently fully funded at $63,509,536.

3. Tourism Stabilization is a reserve, which when added to all other reserves (with the exception of the Other Authorized Uses reserve) equals $300 million dollars - Orange County's recommended reserve level. This reserve protects against tourism market downturns that could impair the County's ability to pay for its ongoing obligations.
