Metro Orlando's hotel occupancy was up 0.5% from August 2023, settling at 63%. Hotel room demand also increased by 1.4%. The Average Daily Rate (ADR) for Orlando hotels was $161.36, reflecting a 1.4% increase from the previous year ($159.19). Short-term rentals for the Metro Orlando area also saw an increase in demand from last year (+7%), but ADR dipped slightly by 3%. Attendance at the Orange County Convention Center was up year-over-year with several new groups with events in August including the APCO International 90th Annual Conference & Expo, the premier event for public safety communications officials. On the TDT reserve side, Renewal & Replacement Reserves ("R&RR) decreased by $4.2 million in August as shown in the attached "TDT Cash Reserve Summary". The Other Authorized Uses Reserves, which is a component of the R&RR, is currently at $96.7 million. This reserve will help offset some of the future expenses associated with recently approved projects and programs such as the Convention Center 5A expansion project, Camping World Stadium renovations, additional Arts and Application Review Committee (ARC) funding, and the UCF football stadium tower project. It is worth noting that the Board approved $90 million for UCF's Stadium Tower project, to be paid in annual installments of $10 million over the next nine fiscal years. Each payment is contingent on TDT collections exceeding specific threshold amounts each year. For this fiscal year, the threshold floor is set at $328.4 million, with a ceiling of $338.4 million. As of August, year-to-date collections have reached $333.5 million, surpassing the threshold floor. Adding September's collections, UCF will be on track to receive their first $10 million payment in December of this year.

We will release the September TDT collections report in early November.

1. Debt service reserves are restricted for debt service only and equal the maximum annual debt service payment.

2. Property plant and equipment is the amount that the County has committed to maintaining as a reserve for property replacement. This amount is equal to 4% of the Convention Center's gross physical plant and equipment cost-excluding construction in progress. This Renewal and Replacement Reserve component is currently fully funded at $63,593,397.

3. Tourism Stabilization is a reserve, which when added to all other reserves (with the exception of the Other Authorized Uses reserve) equals $300 million dollars - Orange County's recommended reserve level. This reserve protects against tourism market downturns that could impair the County's ability to pay for its ongoing obligations.

4. Other authorized uses are reserves, which when added to all other reserves exceeds $300 million dollars. This reserve can be used for any legally authorized expenses.
