TOURIST DEVELOPMENT TAX COLLECTIONS
ORANGE COUNTY, FLORIDA

ORLANDO, FLORIDA – Orange County Comptroller Phil Diamond announced today that Tourist Development Tax (TDT) collections received by Orange County for the September 2024 TDT collection month were $25,751,900. This represents a 4.5% increase from the previous year, marking the highest TDT collections recorded for the month of September.

On a fiscal year basis, collections were up by $140,100. This is an increase of approximately 0.04% over the last fiscal year. Since last year's collections were the highest on record to date, this year's are now the highest. The chart below shows the monthly year-over-year dollar amount change in TDT collections since October 2021.

September's positive TDT performance was boosted by growth in major meetings and an increase in average daily rate. Notably, group room night demand rose by a healthy 4.2%, with the Orange County Convention Center reporting a 53% rise in citywide attendance in September thanks to several midsize events such as ASIS Global Security Exchange, National Safety Council Congress & Expo, American Academy of Pediatrics, and Surf Expo, each bringing more than 12,000 attendees. Altogether, this September boasted 11 citywide events compared to six in 2023. (Source: Visit Orlando) In addition to scheduled events that helped bring visitors to our area, many people evacuated to our area because of Hurricane Helene.

On the TDT reserve side, Renewal & Replacement Reserves ("R&RR) increased by $3.0 million in September as shown in the attached "TDT Cash Reserve Summary". The Other Authorized Uses Reserves, which is a component of the R&RR, is currently at $99.97 million. This reserve will help offset some of the future expenses associated with recently approved projects and programs such as the Convention Center 5A expansion project, Camping World Stadium renovations, Arts and Application Review Committee (ARC) funding, and the UCF football stadium tower project.

We will release the October TDT collections report in early December.

1. Debt service reserves are restricted for debt service only and equal the maximum annual debt service payment.

2. Property plant and equipment is the amount that the County has committed to maintaining as a reserve for property replacement. This amount is equal to 4% of the Convention Center's gross physical plant and equipment cost-excluding construction in progress. This Renewal and Replacement Reserve component is currently fully funded at $63,609,867.

3. Tourism Stabilization is a reserve, which when added to all other reserves (with the exception of the Other Authorized Uses reserve) equals $300 million dollars - Orange County's recommended reserve level. This reserve protects against tourism market downturns that could impair the County's ability to pay for its ongoing obligations.

4. Other authorized uses are reserves, which when added to all other reserves exceeds $300 million dollars. This reserve can be used for any legally authorized expenses.
