TOURIST DEVELOPMENT TAX COLLECTIONS
ORANGE COUNTY, FLORIDA

ORLANDO, FLORIDA – "After seeing collections flatten in June, it is good to see positive growth in July," said Comptroller Phil Diamond. "July's collections exceeded July 2025 **and** set another monthly record." According to Diamond, July 2026 collections were $31,474,700, increasing 6.4% over July 2025 collections.

The chart below illustrates monthly Tourist Development Tax (TDT) collections and the year-over-year percentage change for each month since October 2024.

“In July, Orange County's hotel occupancy rate increased 1.5% year-over-year to 74.1%, while room demand grew 1.6%. The Average Daily Rate (ADR) was $198.25, essentially flat from last year (- 0.2%). July's performance was largely driven by leisure travel, benefiting from the peak summer travel window when school breaks are fully aligned across the U.S. and key international markets.” (Source: Visit Orlando)

Total TDT reserves decreased by $889,553 in July, as shown in the attached TDT Cash Reserve Summary. The Other Authorized Uses Reserve, a component of the Renewal & Replacement Reserve, currently totals $137.9 million. Of that amount, $78.6 million is obligated as follows: $42.9 million for Application Review Committee (ARC) grants supporting various capital projects, $20.5 million for bid fees and event pursuit costs associated with the 2029 or 2030 NBA All-Star Week, and $15.2 million for bid fees and related expenses for the 2028 International Olympic Qualifier Series.

The Cash Reserve Summary also reflects two changes. The required bond reserve is decreasing despite an increase in maximum annual debt service to $70 million resulting from the most recent debt issuance for the Convention Center Grand Concourse project. The decrease is due to the structure of the debt issue and related applicable IRS rules. In addition, based on guidance from bond counsel, the Committed for Future Bond Reserve has been reclassified to the Reserve for Future Capital Outlay. This reserve will help finance the remaining financial requirements of the Convention Center Grand Concourse project.

We will release the August TDT collections report in early October.

Subtotal	356,681,940	392,705,979	36,024,039
Total	**$ 438,763,788**	**$ 437,874,235**	**$ (889,553)**

1. Bond Reserve Account is restricted for debt service and is funded at 125% of average annual debt service. The reserve requirement decreased following the recent bond issuance, as federal income tax requirements require the calculation to be based on average rather than maximum annual debt service due to the structure of the debt payments. Maximum annual debt service is $69,972,450 in 2035.

2. The Committed for Future Bond Reserve consists of funds earmarked to cover a portion of the anticipated future bond reserve in connection with the financing of the Convention Way Grand Concourse project.

3. Property, Plant & Equipment is the amount that the County has committed to maintaining as a reserve for property replacement. This amount is equal to 4% of the Convention Center's gross physical plant and equipment cost-excluding construction in progress. This Renewal and Replacement Reserve component is currently fully funded at $65,285,364.

4. Reserve for Future Capital Outlay represents amounts set aside to support a portion of the remaining funding requirements associated with the Convention Way Grand Concourse project. Previously, this account was shown as Committed for Future Bond Reserve.

5. Tourism Stabilization is a reserve, which when added to all other reserves (with the exception of the Other Authorized Uses reserve) equals $300 million dollars - Orange County's recommended reserve level. This reserve protects against tourism market downturns that could impair the County's ability to pay for its ongoing obligations.

6. Other authorized uses are reserves, which when added to all other reserves exceed $300 million dollars. This total includes $78,578,324 that has been obligated for Application Review Committee (ARC) grants for capital projects, the 2029 or 2030 NBA All-Star Week and the 2028 International Olympic Qualifier Series. This reserve can be used for any legally authorized expenses.
