The chart below illustrates monthly Tourist Development Tax (TDT) collections and the year-over-year percentage change for each month since October 2024.

1. Bond Reserve Account is restricted for debt service and is funded at 125% of average annual debt service. The reserve requirement decreased following the recent bond issuance, as federal income tax requirements require the calculation to be based on average rather than maximum annual debt service due to the structure of the debt payments. Maximum annual debt service is $69,972,450 in 2035.

2. Property, Plant & Equipment is the amount that the County has committed to maintaining as a reserve for property replacement. This amount is equal to 4% of the Convention Center's gross physical plant and equipment cost-excluding construction in progress. This Renewal and Replacement Reserve component is currently fully funded at $65,288,271.

3. Reserve for Future Capital Outlay represents amounts set aside to support a portion of the remaining funding requirements associated with the Convention Way Grand Concourse project. Previously, this account was shown as Committed for Future Bond Reserve.

4. Tourism Stabilization is a reserve, which when added to all other reserves (with the exception of the Other Authorized Uses reserve) equals $300 million dollars - Orange County's recommended reserve level. This reserve protects against tourism market downturns that could impair the County's ability to pay for its ongoing obligations.

5. Other authorized uses are reserves, which when added to all other reserves exceed $300 million dollars. This total includes $78,578,324 that has been obligated for Application Review Committee (ARC) grants for capital projects, the 2029 or 2030 NBA All-Star Week and the 2028 International Olympic Qualifier Series. This reserve can be used for any legally authorized expenses.
